

## Reds Take Shanghai Without Firing A Shot

### Nationalists Still Hold Northeast

Shanghai, Wednesday, May 25—(AP)—The Chinese Communists occupied the heart of Shanghai today without a fight but Nationalist machine guns barred the way into the northeastern part of the world's fourth largest city.

Green-uniformed Red troops marched in from the southwest early today to the peeling of church bells—apparently the city's welcome.

By 10 a.m., the communists had taken over the city down to the Bund, which fringes the west bank of the Whangpoo river, and to the north as far as Soochow creek, which bisects the city east and west.

**Nationalists On Soochow Bridge**  
Nationalist soldiers, however, still were stationed on the bridges over Soochow creek. Several armored cars stood on Garden bridge, near the point where Soochow empties into the Whangpoo.

Nationalist guns still commanded the famed Bund itself. They had machine gun nests at both ends.

Red troops had moved down to the Bund, but had not attacked the government forces on the bridges. However, those who walked out into the Bund drew nationalist fire.

The communists returned it, then withdrew into side streets leading to the thoroughfare.

A telephone report to the Associated Press said thousands of communist troops were marching toward the Bund along Nanking road, a main shopping street. Nanking road runs three to four blocks south of Soochow creek through the heart of the business district.

**Several Hundred Surrendered**  
Several hundred government soldiers surrendered in Yuanmingyuan road. That is an area where many American missions have offices. Yuanmingyuan road parallels the Bund one block to the west. It runs two blocks south from Soochow creek.

The surrender of these nationalists thus put the communists within a block or so of the guarded Soochow bridges but in what strength was not known.

While watching from a building overlooking the creek, Mrs. Margaret Hampton, wife of the Associated Press China chief, was fired upon. She said three bullets whizzed past her head as she looked to see if the Reds were going to engage government troops holding the bridges.

The American-owned radio station BEB 3 received orders from communist military authorities to close down "to the time being." Its manager is Bill Crum, a U. S. citizen born in Shanghai. His mother, Laura Crum, lives in Los Angeles.

**Red Says He Didn't Advocate Violent Overthrow Of U.S.**  
New York, May 24—(AP)—The first communist leader to testify in his own defense denied today that he advocated the violent overthrow of the U. S. government.

John W. Gates, editor of the Daily Worker, communist newspaper, said "I did not," when asked if he had urged such a thing verbally or in writing.

Gates, 35-year-old veteran who has been a communist party member 16 years, spent the day on the stand under examination by his attorney, Harry Sacher, telling of his work in the party.

His testimony was designed as direct rebuttal to the contention of the government that communists were taught revolution in the U. S. would come in a depression.

Gates said American communists did not advance this idea. Instead, he asserted, they taught that "the only way crises could be abolished forever was by abolishment of the capitalist system and the establishment of socialism."

**Reports Illinois Crops Doing Fine**  
Springfield, Ill., May 24—(AP)—Considerable of the Illinois corn crop is up, the Federal Weather bureau said today.

Planting is about 90 percent completed in the central portion of the state, more than three-fourths is under ground in the extreme north, and planting is over half completed in the extreme south.

Soybean sowing is generally under way, but in most sections less than half the crop has been planted, the bureau said in its weekly report.

Winter wheat is in good condition with stands 12 to 16 inches high in the northern half of the state and 18 to 24 inches in the south. In the extreme south, some winter wheat is reported 4 to 5 feet high.

## Would Excommunicate Catholics Aiding Reds

Prague, Czechoslovakia, May 24—(AP)—The head of Czechoslovakia's 9,000,000 Catholics today threatened the excommunication of all Catholics who help the communist government against the church. A Catholic who is excommunicated is denied sacraments of the church and association with faithful members.

The Archbishop asked Petr and other Catholics of the party if they knew they were "accomplices in all anti-church measures?"

Then he asked: "Are you aware of the fact—if you are still Catholics—that all direct or indirect collaboration and cooperation with laws and orders which restrict the rights of the Church or destroy them, cause excommunication?"

The information was supplied in such a way, however, that there was no doubt of the letters' authenticity.

One letter was to Alois Petr, Minister of Transport and head of the People's party, which once had most of its members among the Catholic faith.

The Archbishop asked Petr and other Catholics of the party if they knew they were "accomplices in all anti-church measures?"

Then he asked: "Are you aware of the fact—if you are still Catholics—that all direct or indirect collaboration and cooperation with laws and orders which restrict the rights of the Church or destroy them, cause excommunication?"

## Plan Inspection Of US Hospitals For Fire Safety

New York, May 24—(AP)—Plans for a nationwide inspection of fire safety in hospitals and nursing homes were announced today by insurance groups and medical and hospital associations.

The inspection is in the nature of a public service and the idea was born of the recent hospital fire at Effingham, Ill., that took 70-odd lives.

An estimated 6,000 hospitals in the country will be inspected by trained fire prevention and safety engineers. The study will include such things as fire drills and safety practices as well as structural features and conditions at the hospitals.

It will be made at both private, public, state and federal hospitals.

The first of the studies will be at hospitals that are not fire resistant or equipped with sprinkler systems.

Reports will be furnished confidentially to hospital administrators and other authorities interested in effecting improvements based on the findings.

The company said unauthorized persons are barred from the plant. Moreover, it said the material stolen was not uranium-235, which goes into the manufacture of atomic bombs, but ordinary natural uranium.

These were the high points in a day of many-sided atomic investigations on Capitol Hill.

At least four Senate and House committees are making a broad sweep into the question of atomic security and communists activity.

**Rita And Aly Will Have To Be Wed In Village Town Hall**  
Cannes, France, May 24—(AP)—Rita Hayworth and Aly Kahn will have to be married at a town hall just like ordinary folks under a decision of the French Ministry of Justice today.

The Hollywood actress and the Moslem prince were reported to have heard the news with consternation. They had made all plans for their civil wedding Friday on the assumption it would be held at the prince's seaside Chateau De L'Horizon.

The town hall for the area is in the village of Vallauris, three rough miles up in the hills.

The Ministry's decision to deny a special dispensation and require that the ceremony be held in Vallauris was telephoned to the chateau by the Associated Press.

**Red-Backed Police Yield Railway Station To West**  
Berlin, May 24—(AP)—Several thousand Soviet-directed railway police yielded control of west Berlin railway stations to west Berlin police tonight on order of the United States, Britain and France.

Russia protested the three-power action, which came on the fourth day of a bloody strike against the Soviet-controlled railway and elevated systems. At least two persons have been killed and hundreds have been injured.

Strike details from the anti-communist UGO (Independent Labor Organization) moved into the stations with the west Berlin Police. UGO leaders said they had about 1,500 men in groups of 15 to 20 at the 67 stations in the western sectors.

It was estimated that between 4,000 and 5,000 railway police yielded their posts in the stations.

The Soviet-licensed news agency ADN disclosed the Russian protest. It said that Gen. Alexander Koltikov, the Soviet commandant, had complained against the "provocations" of the west Berlin police.

Brig. Gen. Frank L. Howley, American commandant, issued an order making west Berlin police responsible in the U. S. sector for maintaining law and order on the property which has been administered by the Russians under a four-power agreement of 1945. It also promises that the police will not interfere with normal operation of trains.

Leaders of the UGO, independent labor organization whose 12,000 anti-communist members are striking for full payment of their wages in west marks, had asked the three powers to take over the 67 stations in west Berlin.

Their first request was turned down but Howley acted after a Monday night riot in which two persons were shot to death. The British and French quickly followed suit.

Howley said the strikers—whose cause has been warmly supported by the Western Allies—would be permitted "any legitimate form of activity and they can buttonhole anyone who enters or leaves railway property."

## BULLETIN

Fairfield, Ill., May 24—(AP)—Big Earl Shelton, member of the famed prohibition period gang, was shot and seriously wounded in a Fairfield club tonight.

Dr. Donald B. Frankel, who treated Shelton's wound, said he expected Shelton to live.

Big Earl was struck once—in the back on the right side. He told the doctor that three shots were fired at him through a window. The victim was taken to Deaconess hospital at Evansville, Ind.

Doctor Frankel quoted Shelton as saying he was seated on a stool when the shots were fired.

Night Policeman Elmo Mugrage said a ladder was found leading to the roof on the next-door one-story building. He said the assailant apparently climbed to that roof and fired into the second story of the club.

City and county authorities searched nearby streets for some sign of the man or men who ambushed Big Earl but Mugrage said no trace had been found.

Big Earl was the third of the famous brothers to be ambushed. Two other brothers—Dalton and Roy—live in Fairfield.

Carl, considered to have been the brains of the famous, southern Illinois gang, was killed on a road near his farm here in October, 1947. Bernie, the strong man of the outfit, was slain as he was leaving a roadhouse near Peoria, July 26, last year.

Mugrage said the club where Shelton was shot was owned by him. Big Earl retired from most activities several years ago. He owns a 900-acre farm near here.

No theory for the latest shooting was advanced by authorities since they believed Earl had not been involved in recently reported attempts of the Capone gang to "take over" his territory.

**House Kills Bill To Raise Military Officers Salaries**  
Washington, May 24—(AP)—A sudden House uprising led by young Governor Stevenson's revenue director today killed a \$400,000-a-year military pay boost bill, which would have given the biggest raises to the "high brass."

By a vote of 227 to 163, the bill was sent back to armed services committee for "study." Rep. Kilday (D-Tex.), floor manager for the measure, said "the bill is dead for several years to come."

The end was so quick and unexpected that generals and admirals in the galleries exclaimed in bewilderment: "What happened?"

One House member said the moral of the incident was this: "Be kind to an enlisted man, because some day he may be elected to congress."

But Kilday laid the bill's defeat to a combination of factors. "First there was the economy crowd," he said. "Then there were the young veterans who wanted to get some things off their chests. And finally the liberal element always has opposed anything for the military."

The bill provided for increases ranging from about three per cent for the next to lowest grade enlisted men to almost 50 per cent for admirals and generals. Backers of the measure explained that officers, unlike enlisted men, hadn't had a general increase for years.

**Eisler Extradition Hearing Postponed By British Judge**  
London, May 24—(AP)—Magistrate John F. Eastwood postponed the extradition hearing for Communist Gerhart Eisler today until Friday.

This was the judge's compromise on conflicting requests from the United States for an eight-day delay and from the defense for an immediate trial. For the second time, he denied Eisler bail.

Defense Attorney Dudley Collard accused the United States of a policy of "shoot first and ask questions afterward" in its pursuit of Eisler, a German-born communist leader under two prison sentences who jumped bail in New York and stowed away on a ship bound for Poland.

The United States seeks his return as a fugitive from justice. His legal representative in the case is F. Graham Maw, British barrister. Maw asked more time to prepare the case.

Home Secretary James Chuter Ede, who announced last week he would decide whether Eisler should be considered a political refugee entitled to haven or a fugitive from justice, sent the extradition request to the Bow Street magistrates court today with an order to "proceed." A home office source declined to say whether this meant Ede has made his decision.

**LOSES \$3,820 BY TAKING ONE DRINK**  
Chicago, May 24—(AP)—Everett Foster, 30, of (6250 Sheridan Rd.), Buffalo, N. Y., complained to police today that \$120 and his \$3,700 diamond ring are missing.

Foster's story, as related by Detective William Hoey, was that he met a woman in a hotel drugstore and had a drink with her. Shortly after drinking with her, he lost consciousness.

Hoey said he believed Foster was drugged and robbed by the woman.

**PAVE STREETS WITH GOLD**  
Reno, Nev., May 24—(AP)—Douglas and Lincoln allies in the gambling district were paved with concrete blocks 4 to 6 inches thick yesterday.

## Russia Proposes New Plan For Reich Unity

### Victor Reuther Shot Would Erase West German Government

Detroit, May 24—(AP)—Victor Reuther, brother of Walter P. Reuther, UAW-CIO president, was shot and seriously wounded by an unknown assailant tonight. First police reports said he was shot in the face.

Police said Reuther was shot through a window of his home. This was the same way his brother, Walter, was shot the night of April 20 last year.

Lt. B. J. Grenier of the detective bureau at police headquarters said shortly after the shooting was reported that he had "no clues."

Reuther is educational director of the auto union.

"We're trying to pick up what we can," Greiner said.

The wounded man was taken to Receiving hospital in the suburb of Redford.

The shooting of Walter Reuther has never been solved.

At the time the union president blamed it on "communists, management or a crackpot."

In the year since, Reuther in public statements has seemed to incline toward the theory that it was "communists."

Several years ago when they were young in the union movement, Walter and Victor Reuther made a trip together to Soviet Russia.

Since, they both have been avowed foes of communism.

In the Walter Reuther shooting, a charge of assault with intent to kill was brought against Carl Bolton, a former small-time UAW officer.

Investigating police have admitted, however, that their evidence is slim, and have described the case as "not yet closed."

Recently Bolton was convicted of a burglary in Pontiac, Mich., and sentenced to prison. His trial in Detroit on the assault charge is pending.

**Says Mrs. Rutledge Remained Friendly To Byron Hattman**  
Cedar Rapids, Ia., May 24—(AP)—A state witness testified today that Mrs. Sydney Rutledge, 23, remained friendly with the late Byron C. Hattman after the night of last July 31 when she claims he seduced her.

The witness, Fred Gais of St. Louis, was one of several who took the stand in the Dr. Robert C. Rutledge, Jr., murder trial today to describe Hattman as "an amiable, friendly and quiet man."

Rutledge, 28-year-old St. Louis pediatrician, is charged with fatally stabbing Hattman in a Cedar Rapids hotel room last Dec. 14.

Gais, head mathematician at the plant where both Hattman and Mrs. Rutledge worked, was the tall, blonde's immediate superior.

"On several occasions," Gais testified, "I saw Mrs. Rutledge stop at Hattman's drawing board and speak to him. I don't know how long this period of friendliness lasted but it was past the first of August."

**Malone Says New Unification Law Must Be Stronger**  
Washington, May 24—(AP)—The Senate was told today that the present Armed Services "Unification" act killed James V. Forrestal and that a better law should be passed as a "great monument" to him.

Senator Malone (R-Nev.) said the law was so weak as to saddle Forrestal with an "impossible" job. And Senator Morse (R-Ore.) proposed that the Secretary of Defense be given greatly increased powers as a memorial to Forrestal.

Forrestal, former Defense Secretary, took his own life Sunday in a leap from the 16th floor of Bethesda, Md., naval hospital.

Malone teamed up with Senator Morse (R-Ore.) in urging amendments that would place greater authority in the secretary than is called for in a pending bill to revise the Unification Act.

Malone said Louis A. Johnson, Forrestal's successor, is a big "rugged fellow with plenty of guts," but that Congress must "kill" him too unless it gives him clear authority.

Morse offered a series of amendments which among other things would remove an existing ban against transferring marines to the army or naval aviators to the air forces.

**VOTE TO ABOLISH CAPITAL PUNISHMENT**  
Columbus, O., May 24—(AP)—The Ohio House of Representatives today voted to abolish capital punishment in Ohio. The bill now goes to the Senate. The vote was 69-53.

**Demos Take Civil Rights, Health Insurance Off List**  
Washington, May 24—(AP)—Democratic leaders drastically curtailed the administration's program for this session of congress today by stripping the hotly contested health insurance and civil rights proposals off the "must" list.

At the same time, Senate Majority Leader Scott Lucas indicated he expects no senate action this session on President Truman's \$4,000,000 tax boost plan, the new Brannan farm plan or the foreign arms program.

With a tentative congress adjournment date set for July 31, these are the main bills he listed for priority action:

1. Extension of the reciprocal trade program—already approved by House but presently stalled in the Senate.

2. Repeal of the Taft-Hartley act.

3. Ratification of the North Atlantic Security treaty, which re-streamlined legislative "must" schedule they can wind up their work by August.

**Long Beach Police Led Merry Chase By Nude Motorist**  
Long Beach, Calif., May 24—(AP)—Maybe this woman motorist stripped her gear. . .

At any rate, officers throughout the beach section had their eyes peeled this afternoon, but good. They were hunting a nude who took to her car to escape the heat (89) but stepped outside on occasion to take the breeze.

A housewife in Torrance first reported her. She was walking around the car on a residential street, police were told. They arrived but she had vanished. A half-hour later, she was sighted at an intersection in Redondo Beach, some five miles away. Elusive again, she had disappeared when the law showed up.

Somebody noticed that she is 29 to 30 years old, has long black hair to her shoulders, stands about five feet, five. Sheriff's officers had all points alert out, and reported that deputies were watching eagerly.

**Weather Quits Down After Week Of Storms, Floods**  
By The Associated Press  
The weather quieted down Tuesday after a week-long rampage which took 49 lives in the Midwest and eight in the South Plains states.

The weekend's tornadoes and wind storms left heavy property damage in Missouri, Illinois, Indiana, Pennsylvania, Kentucky, Maryland, Iowa, Tennessee, Texas, and West Virginia.

Meanwhile the Plains states were recovering from last week's tornadoes and floods.

The East, which has had temperatures in the low 80s, was in the bath of cool air moving out of the Midwest. The East will get a modified version, however, and federal forecasters said temperatures there would not drop below 70.

The cool weather overspread the Great Lakes region and Ohio valley and the upper and middle Mississippi valley. Showers and scattered thunderstorms occurred from the eastern Great Lakes and Appalachians southwestward through the Ohio valley, into Tennessee and Kentucky.

**TO STAGE PAGEANT**

ISLAND OF ESCAPE

**THE STORY:** Bea Cosgrove in not satisfied that the death of Lily Warren on Henry Gough Harding's Sure Island was suicide. So far she has found little to point out any of the others on the island as a murderer. But herself is not above suspicion and Nona McGuire says as much. Nona knew Lily before Nona was shipwrecked on the island. Furthermore Nona has guessed that Bea is not 40, as she says she is, but much nearer 30 years old.

**NEXT morning** Bea Cosgrove went back in the main house to get a scarf for her hair before she took the sheep to pasture. She heard voices from the tower room, stopped to listen.

"Time to get up Mollie," Mabel Jones said.

Miss Stark yawned loudly. "Too sleepy," she announced. "You can bring my breakfast in here."

"Maybe I could, but I'm not going to. Come on and get up."

"I won't get up. Too sleepy."

"Stay in bed if you like. You won't eat. You're plenty well enough to eat."

"I'll tell you what I'll do. You'll make you do what I say. You're nasty and mean to me, and I'll let you know what you have to do for me."

"He doesn't have to tell me what to do now," Mabel said grimly. "Get up."

"Owww!" Mollie wailed. "You hurt my arm when you pulled."

"Now you're up, put on this black dress again. You'll help in the kitchen."

Mollie stamped her foot. "I won't! I won't! He's boss on this island. He won't let you treat me like this."

There was a spat of a hard hand on soft bare flesh. "Don't be more of a fool than you have to," Mollie Stark laughed shrilly. "You're funny."

Bea slipped out without the scarf, smiling. "One situation at least seems to be well in hand."

RUSSELL TRIES NEW APPROACH IN  
PARING GOVERNMENT SPENDING

The cry for greater economy in federal spending is swelling steadily. Groups in and out of Congress are wondering just how deep the United States can dig into its sock without endangering its own and the world's future.

Since the end of World War II, this country has served virtually as storehouse and treasury for democracy everywhere. Now it is being asked to act in peacetime—as it did in war—as the arsenal of democracy. On top of these unusual burdens, the enactment of new social legislation covering health, security and education is sought by President Truman.

The worry felt in Congress over the increasing drain on the nation's resources is expressed in a move planned by Senator Russell of Georgia and other Democratic members of the Senate Appropriations Committee. Russell and his committee colleagues want to trim about \$3,000,000,000 off federal funds for the year starting July 1.

This plan may give the economy drive the big spark it has lacked up to now. Heretofore, efforts by Republicans and some Democrats to curtail government spending have had slender success. Republican senators did manage to bottle up one appropriation bill, but the final round is yet to be fought on that measure.

Russell says he and his supporters won't go along with the GOP in its announced intention to snip 5 per cent from each money bill as it comes up.

He thinks a better approach will be to wait until most of the appropriations bills are approved and then, when the extent of spending and the need for economy are clear, to offer a proposal ordering all government agencies to save enough to bring outlays down \$3,000,000,000.

This idea is unusual but it might catch on if all efforts to trim individual bills fail in the next two months. Perhaps, action on the appropriations for European recovery will be the key. Many senators have indicated a desire to see these funds pared, and should they not achieve a substantial reduction in that field they may be ripe recruits for the Russell plan.

Senator Russell got some unexpected support for his program from two separate quarters. A joint congressional committee on taxation estimated that the probable federal deficit for the coming fiscal year would be \$2,900,000,000. And the Committee for Economic Development, an agency backed by private business, called for spending cuts of at least \$2,100,000,000 to avoid "damaging consequences" to the economy.

The CED says failure to cut expenditures by a substantial amount will leave Congress with no sensible alternative but to raise taxes. President Truman has asked for \$4,000,000,000 in new taxes, but thus far Congress has shown great distaste for that solution to its money problems.

The CED also urges a number of fiscal reforms that will give both the Administration and Congress better control over expenditures. It fears savings in one spot may be wiped out by excessive spending in another.

Certainly it is plain that responsible men in both major parties believe the time is passing when the United States can blithely dip into its spacious till without thought of tomorrow. It is incumbent on Congress to determine where the limit is, and to devise means of holding expenditures within that limit.

Tips For College Graduates  
Beginning Their Careers

By HAL BOYLE

New York—(AP)—Now is the golden time at end for many a rose lippe maiden and many a light-foot lad.

This is the season when Alma Mater opens her iron gates. And out into an iron world she hurls her annual tide of college graduates.

It is always a trembling hour when mother deliberately unties the apron strings that bind her to her children. Freedom and responsibility are so strange and new.

Goodbye to bread-and-butter-jacket. Farewell dear campus so well beloved, but never so loved as now. Hello, world, so wide and terrible.

Ah, me! Ah, youth! Ah, wilderness! Aw, hell! Don't look so forlorn.

Stay With The Nice Boys. Until now there has always been somebody ready with a handkerchief to wipe your nose. The first thing you have to learn in this new university you are entering is to keep your nose out of places where people will make it bleed. There are tough kids around, who live by the creed that a gun in the hand is worth two in the head. Don't play with them. Stay with the nice boys.

There are cleared places in this age-old jungle that is your new campus. Work with the people that want to tear down some of the choking moss and chop down some of the dead trees that hide the sky. The best fun in life is to leave something better than you found it. And if you

don't help clear the campus, the moss will smother you in time. As it has so many, and you will become a dead tree in a dying part of the forest.

Must Start at Bottom. Okay, son, I know that sounds highfalutin. Get the glaze out of your eyes. I know what's on your mind—you want a job. Fine. Drop that sheepskin from your warm little hand. Here's a broom. Get busy.

What's that? You don't want to push a broom? Why not? Do you want the broom to push you? Oh, you'd hoped for something better? Well, so do we all. But you have to learn to saw wood before you can make a cabinet.

Listen, little acorn, it takes more than ambition to be an oak tree. It takes years. Ever hear of Sproul Skouras, the motion picture poobah? He makes more money than "most" anybody except Uncle Sam. Know how he got started? Working as a busboy in a St. Louis hotel.

Any job is better than no job. It isn't as important where you start as it is where you go from where you start. The nice things about starting at the bottom is that there is only one way to go—up. Work and brains and friendliness will get you anywhere. And honesty will help keep you there.

Wed a Warm-Hearted Girl. Of course, you can always marry a rich lady and live a life of ill-ease. But experts in this field all agree there is nothing harder than working at matrimony for a wealthy woman.

Do marry as soon as you have a job and are sure you can hold it. There is no future in being a hem-moth. And a good wife is worth her weight in income tax exemptions. And she can help you get more income tax exemptions worth having. Whom to wed? A girl with a warm heart, my boy. Never mind her face. It'll change. But a good heart doesn't wrinkle.

Above all, my boy, don't marry a drinking woman—unless you want to spend your life listening to a talking hangerover. Never marry a woman to reform her.

Chapin Society  
Elects Officers

The missionary society of Chapin Christian church held its May meeting at the home of Mrs. Fred Harris. After the business session, a program was given in charge of Mrs. Marietta Goffinett. Miss Ruth Hutchins read a report from the district convention held at Carlinville. The report was prepared by Miss Adelia Hamilton. Mrs. Goffinett reported on a chapter from "China, Twilight or Dawn?"

Election of officers for the coming year was held as follows: Mrs. Lina Detmer, president; Mrs. Ruth Callaway, vice president; Ruth Hutchins, secretary; Adelia Hamilton, assistant secretary; Mrs. Marietta Goffinett, treasurer; Mrs. Emma Anderson, crusade treasurer; Mrs. Adeline Brockhouse, World Call secretary.

A social hour was enjoyed during which Marion Mattes and Phyllis Harris played a piano duet and Miss Harris played a piano solo. Refreshments were served.

The June meeting will be held with Mrs. Goffinett, Mrs. Mabel Bobbitt, leader.

The American people lost an average of \$771,000 a year to passers of counterfeit bills from 1933 to 1936.

MacMurray Students  
Receive 1949 Honors

Academic honors and prizes for 1948-49 were awarded in the year's last chapel service of MacMurray college, held at Grace church Tuesday morning. President McClelland conducted the service and made the presentations.

Two seniors from Jacksonville were among those honored. Miss Elizabeth Neims, daughter of Mr. and Mrs. B. C. Neims, was presented the Latin department prize for the best poem on a classical subject. She was also winner, for the third consecutive year, of an award from the American Classical League for her entry in the annual verse-writing contest open to students throughout the U. S.

Miss Frances Lane, daughter of Mrs. B. F. Lane, was the recipient of the Lula D. Hay award for excellence in music. Both Miss Lane and Miss Neims will receive their degrees in music at the 1949 commencement.

Graduate Scholarships. Graduate scholarships to the University of Illinois were awarded to Betty Peterson of Hinsdale and Jennie Novelli of Chicago Heights, who tied for the honors.

The gift of the class of 1949 to the college was announced by Valera Barry of Bluffs, president of the senior class. The gifts, in three parts, consists of an extensive silver service for Anne Rutledge hall; an amplifying set complete with microphones for the new chapel; and a contribution for the organ fund.

The gift for the campus Y.W.C.A. as announced by Janet Gustafson of Chicago, president, is a \$100 bond to the Graduate Student Fellowship fund.

Other awards were made as follows: English department, to senior with highest point-average; Betty Peterson, Hinsdale; history department, to senior for superior scholarship; Jane Hynds, LaSalle; speech and drama department, to senior for highest scholastic average, Carolyn Kirkwood, Pontiac, Ill.; for greatest creative ability, Patricia Nelson, '52, Burbank, Calif. (for radio scripts); for excellence in oral interpretation, gift of Mrs. Marian Chase Schaeffer, Marilyn Miles, '51, Milwaukee; choir award, to senior exemplifying musicianship, cooperation, service, and fellowship; Sharon Carrott, Rockford, Ia.

Richard C. Bell attended a meeting recently of the top executives of the Greater Weeklies Associates held at the Hotel Commodore, New York. The conference, devoted exclusively to national advertising, was attended by almost 200 publishers representing 20 states.

### VALUABLE TREE

The bark of the tropical papaya tree is made into rope; the juice furnishes medicine for countless ailments; the fruit is eaten, either cooked or raw, or rubbed on the face as a cosmetic; while the heart of the tree is grated and used like grated coconut.

### PULLS SON AND COLD FROM CISTERN

Cutler, Ill.—(AP)—Sonny fell in the cistern but it was his dad who suffered.

Three-year-old Shelby Slusher, chasing a cat on a nearby farm, plunged into a cistern, with eight feet of water in it. His sister, Mary Lou, 9, screamed, bringing their father, Lawrence Slusher, on the run. He couldn't see his son in the water.

The father, 36, a Cutler minister-businessman, dived. He came up with Shelby. The farmer, George Reeves, pulled the boy out with a rope and put a ladder down for Slusher.

The small boy came out of the mishap apparently unharmed. But his father required medical care for a bad cold, a sore throat and shock.

### STUDENTS APPRECIATE TEACHER'S AUTOMOBILE

Lawton, Okla.—(AP)—Students who have been taught by Miss Lily Stafford—and ridden in her old jalopy—for the past 29 years are going to show their appreciation.

A "Lily Stafford Appreciation Fund" has been started to purchase the Lawton high school science teacher a new car. Miss Stafford now is driving "Joan," her 1930 car which has 71,000 miles. "Joan" is still being used by Miss Stafford to carry students to meetings and events.

She said the car was named after Joan d'Arc because "she has risen to the occasion many times."

## PEARL: COME HOME

It was all my fault, Pearl. I admit I was surly and grumpy. No wonder that even the kids were scared of me. But everything's better now. I've found out that constipation caused by lack of bulk in my diet can be licked! Believe me, I advise others who suffer the same way to do what I did: just eat a bowlful of KELLOGG'S ALL-BRAN every day and drink plenty of water. They say it's America's most famous laxative cereal—believe me, it sure gets my vote. Or make it up into muffins—they taste grand too... Come home, dear, and find a brand new man waiting for you. That's me—your ever-lovin' husband, JOE.

**New York Stock  
Market**

After stocks dropped to new 1949 lows today in a generally declining market.

Losses ranged to around a point, although most were in minor fractions. A fair number of stocks hit against the trend for modest gains and many shares remained at Monday's closing levels.

Trading volume expanded slightly on the way down, with turnover at the rate of around 200,000 shares for the full session. This would compare with 720,000 yesterday.

The current downward movement got underway last week and Monday's forces, the general run of prices to a low since Feb. 28.

The lowest quotations for 1949 were posted as of late for U. S. Steel, Bethlehem Steel, Republic Steel, Youngstown Sheet & Tube, General Motors, Chrysler, Montgomery Ward, Westinghouse Electric and American Telephone (at a 6-year bottom).

In some cases there was slight comeback.

Corporate bonds were narrow.

Great grasshopper outbreaks—hoppers by the billions—are expected to menace crops and grasslands in wide areas from Michigan to California and Texas to Canada this year. Black areas on this map are regions where Department of Agriculture entomologists say infestation may be especially severe. Hatching periods start early in May in southern states and continue through the middle of June throughout most of the midwest.

**GRAIN PRICES GAIN  
BUT PROFIT-CASHING  
REDUCES ADVANCE**

Chicago, May 24—(AP)—Grain prices moved upward at today's Board of Trade session, but toward the close profit cashing reduced the advance.

The upswing was steady during most of the session, with wheat leading the way. Mill and professional buying accounted for advance at the start. Unwanted rains in the winter wheat sections, combined with reports that France was in the market for flour were factors influencing buying. Some short covering was noted.

Toward the close corn reacted to heavy-to-arrive bookings placed at around 195,000 bushels, and oats dipped below the previous close.

Receipts were: wheat 154 cars, corn 34, oats 36, rye none, barley 1, soybeans 25.

At the finish wheat was 1/2 to 1/4 higher than yesterday's close. July 1949-2, corn was 1/4 to 1/2 higher. July 1949-3, oats were 1/4 higher to 1/2 lower. July 624, rye was 1/2 higher. # Grimm And Wrigley In Confab Over Sad Situation Of Bruins

Chicago, May 24.—(P)—Manager Charley Grimm won't quit the rebuilding Chicago Cubs and owner P. K. Wrigley wouldn't let him. But tomorrow, they'll talk over the sad Bruins situation.

The lament of "what's wrong with the Cubs" rings loudly around Wrigley Field where the grim men of Grimm currently are tracking mud from the National League cellar.

The Cubs dropped five straight before thumping the New York Giants, 8 to 2, here today for their fourth win in their last 15 starts.

Cub partisans got excited last Sunday when Wrigley failed to appear in his box-seat. They thought it was another form of thumbs down on Pilot Grimm.

However, the Cub owner was trucked down on his first automobile trip since 1919—visiting his son, Bill, at Deerfield Academy in Massachusetts—and he told a phoning Chicago reporter:

Wrigley said he hoped to get from Cavarretta the "player's slant" on the slump. "After sitting down and adding up the sum total of our talks," the chewing gum executive continued, "I'm hopeful we will be able to do what's the matter. Then we'll do what's best."

Of Grimm, Wrigley added: "He's always written his own ticket with me—and he can continue to do so."

Baseball veterans are puzzled at Grimm over the failure of the Cubs to "jell." The club last winter dropped its "youth program" based on farm products and negotiated deals for pitchers Dutch Leonard and Walt Dubiel and outfielder Harry Walker from the Phils and Third Sacker Frank Gustine from the Pirates.

Within the past two weeks, the Cubs added outfielder Hank Edwards and first baseman Herman Reich from the Indians and Third Baseman Bob Ramazotti from the Dodgers.

Complicating Grimm's woes in trying to find winning pitchers and timely hits, is an injury plague which sidelined four regulars—Catcher Bob Scheffing, First Baseman Cavarretta, Shortstop Roy Smalley and Gus Gustine.

Grimm, who in 1938 quit the Cub helm in the midst of the season under similar circumstances, has no intentions of resigning this time. (Catcher Gabby Hartnett poked up the Cub reins in 1938 and went on to win the pennant.)

"I'm not going to quit, no matter how loud the wolves howl," declared Grimm. "I still believe our ball club isn't as bad as our record shows. We've just been in one of those runs when everything goes wrong. We'll get rolling."

# If Weather Is Dry, Speedway Lineup Will Be Completed

Indianapolis, May 24.—(P)—The lineup for the 500-mile auto race on Memorial Day may be filled tomorrow if drivers have a few hours of dry, windless weather.

A dozen cars are ready to shoot for the nine openings in the 33-car starting field.

After 33 cars are qualified, a driver still can run a race out of the lineup by running a faster 10-mile time trial. Considerable effort along this line is expected in the final qualification session Saturday.

Special prizes amounting to \$1,000 both tomorrow and Saturday are expected to bring out most of the cars. Twenty-seven cars have not attempted to qualify.

Duke Nalon of Sherman Oaks, Calif., still is the top contender for the \$1,000 paid for over-all top qualifying speed. He won the pole position May 14 with an average of 132.939 miles an hour in a Novi Mobil Special. Lee Wallard of Schenectady, N. Y., driving a Maserati imported by Indianapolis Race Cars, Inc., may try for a higher mark tomorrow.

# Chicago Cubs Down N.Y. Giants 8-2

Chicago, May 24.—(P)—Lefty Bob Chipman ended Chicago's five game losing streak today as he pitched the Cubs to an 8-2 triumph over the powerful New York Giants.

Chipman, making his first start of the season, held the Giants to five hits. He lost his shutout in the ninth inning when Bob Thomson and Willard Marshall socked consecutive home runs.

Chipman and New York's Sheldon Jones duelled on even terms until the fourth inning when the Cubs scored three runs on Al Walker's second homer of the season.

Chipman yielded singles in three of the first four innings and then retired 11 straight Giants before Thomson and Marshall connected in the final inning.

# LITERBERRY HURLER SPINS NO-HIT GAME

Literberry hurler Chapman checked a no-hit no-run ball game in the second round of a twin bill played at Literberry last night. The Arenville nine served as his victim in the 1-0 contest.

The Literberry club downed the Pepsi-Cola crew of Jacksonville 13 to 7 in the opening tussle.

Orange Hard Sauce is delicious served with Apple Betty. Make the sauce by creaming a quarter cup of butter or margarine with a cup of sifted firmly packed confectioners' sugar; then add the grated rind of an orange and a tablespoon or two of strained orange juice.

Stanley Kwiatt is shown as he was presented a trophy proclaiming him the outstanding deaf football player in the nation at the annual ISD athletic banquet last Saturday evening. Daniel T. Cloud, superintendent of the Jacksonville school, is making the presentation. Kwiatt, a line-cracking fullback, led ISD to one of its most successful grid seasons in history. Art Yates, standing behind Stanley, coached the westend eleven. Kenneth "Spike" Wilson, ISD athletic director and basketball coach, is pictured at the extreme right in the photograph.

# Musial Homers To Lead Cards To 3-1 Win Over Braves

St. Louis, May 24.—(P)—Stan Musial spoiled Johnny Antonelli's second pitching start of the season with a two-run fifth inning homer to lead the St. Louis Cardinals to a 3-1 victory over the Boston Braves tonight. Harry Brecheen hurled his third victory of the year for the Redbirds.

Chuck Diering walked to start the Cardinal fifth. Red Schoendienst sacrificed, then Stan slammed the ball onto the roof of the right field pavilion. It was his fifth this year.

The defeat dropped the league-leading Braves to just a half-game ahead of the New York Giants and raised the Redbirds from seventh to sixth place in the standings.

Musial also doubled against Antonelli in the first inning to put Schoendienst on third. The St. Louis second baseman scored on Eddie Kazak's single for the first run of the game.

The Braves' tally came in the third frame when Phil Masi bunted safely, took second on Antonelli's sacrifice and scored on Pete Reiser's single.

Both Antonelli and Brecheen were in top form the rest of the game, each turning in three strikeouts.

# DiMag Tests Heel But Status Still Uncertain As Ever

New York, May 24.—(P)—The status of Joe DiMaggio today remained as uncertain as ever.

Nobody knows just when the famous convalescent of the New York Yankees will be able to play. Even Joe refuses to hazard guess.

One thing is certain—he is not ready right now, not even for pinch hitting purposes.

The \$90,000 slugger donned a uniform yesterday for the first time since he re-injured his ailing right heel last April 11. He engaged in a half hour's batting practice session. Then he slugged flies for 10 minutes. The net result—handful of blisters and sore back muscles from swinging at too many pitches.

Because of that he will not take any hitting practice this afternoon. But he hopes to get in a little fielding practice.

# Blueboys Drop First Of Two-Game Series With Titans 8 To 1

First baseman Bill Gross' four-sack blast in the fourth inning counted the only home tally as the Illinois College baseball club was limited to 3 hits in the process of dropping the first game of a two-game series with Illinois Wesleyan by an 8-1 count on the Russell Field diamond yesterday afternoon.

Joe Brooks takes his squad to Bloomington for the return tilt with the Titans this p.m. The Bloomington pilgrimage will officially close the 1949 baseball season for the Hilltoppers.

The contest, a CCI league go, gave the Illinois Wesleyan gang a better-than-fair chance of beating out Millikin in the Little-Nine crown quest. If they can knock off the Blueboys this afternoon, the way is clear to the CCI baseball title.

John Maynard, twirling for the Breakers, hurled successfully for five innings. Suddenly in the sixth frame, Big John found himself in hot water and saw three Titans cross the IC-guarded plate before he could put out the fire.

The Wesleyan hitters started adding up their 9-hit total with vigor in the seventh frame and added a brace of runs to their point tally. They capped scoring efforts in the top half of the ninth with two more counters, to end the game with an 8-1 advantage.

# Red Sox Edge Tigers 8 To 7

Boston, May 24.—(P)—After homering into an early tie, Bobby Doerr lashed a two-run single with the bases loaded to give the Boston Red Sox a 10-inning 8-7 victory today and clean up a three game series with the Detroit Tigers.

It was the surging Sox' fourth straight win, their longest streak of the season, and the longest setback for the Tigers, who lost two overtime games in their three starts here.

Ted Williams banded out his ninth homer and a pair of two baggers. Art Houtteman, smashed up in a spring training automobile accident, made his first 1949 start for the Tigers and lasted until the seventh inning. Before being relieved by Dizzy Trout, the Detroit starter was the victim of all of Williams' clubbing and Doerr's fourth four-bagger of the season.

The Red Sox totaled 17 hits and the Tigers banded out 12.

Johnny Groth belted out his sixth homer with one on in the second inning.

# Yankees Wallop Brownies 13 To 3

New York, May 24.—(P)—Little Phil Rizzuto and stocky Yogi Berra supplied the punch that enabled the New York Yankees to trample the lowly St. Louis Browns, 13-3 today.

Rizzuto whaled a triple with the bases loaded and Yogi belted a three-run homer to highlight a ten run, fifth inning rally against lefty Joe Ostrowski that sewed up the game. Errors by Gerry Pridv, Bob Dillinger and Jack Granam figured prominently in the uprising that turned the game into a cake walk.

Vic Raschi, who worked the first eight innings for the Yanks, allowed only four hits and received credit for his sixth win in seven decisions. St. Louis .....002 0 0 0 0-3

# Bill To Put Limit On State Highway Speed Defeated

Springfield, Ill., May 24.—(P)—A bill calling for state highway speed limits of 50 miles an hour at night and 60 miles an hour in daytime met defeat last night in the Illinois House.

Only 49 members voted for it. Passage required 77 votes.

Rep. Sam Schaumleffel (R-Monmouth) said his bill was aimed at cutting down the "needless slaughter of human lives" due to speeding and reckless driving.

Rep. Arthur Kaindl (D-Chicago) replied the speed limit could not be enforced.

# ITU, Publishers Bring Closed Shop Issue Before NLRB

Washington, May 24.—(P)—The nation's newspaper publishers and an AFL printers' union today brought before the National Labor Relations board the longest, bitter dispute over the Taft-Hartley act's closed shop ban.

The board scheduled arguments from the American Newspaper Publishers association and the International Typographical union. The hearings had been postponed twice before.

Since the Taft-Hartley act became law, ITU President Woodruff Randolph and his major advisers have insisted that what they are trying to obtain in new contracts with publishers and commercial print shops would not violate the act.

But NLRB General Counsel Robert N. Denham, the ANPA and Trial examiner Arthur Left said the conditions imposed by the ITU were just the same as in previous closed shop contracts under which only union printers could find jobs.

# Jeweler And Wife Beaten, Tortured Before Robbery

Peoria, Ill., May 24.—(P)—Five bandits last night invaded the home of an elderly jeweler and his wife, beat them both and tortured the jeweler until he revealed the combination of his office vault.

They ransacked the house and took the jeweler's billfold containing \$100, and an expensive diamond ring. Then they invaded his downtown store and took jewelry which the co-owner said was valued at "thousands of dollars."

John F. Minder, 70, and his wife, Minnie, were held captive for three hours. During the ransacking of the office safe, three of the robbers telephoned the Minder home three times and talked to one of the two gunmen who were guarding the couple. They wanted to verify the combination they obtained through torture.

# Turnesa, Stranahan Lead American Golfers In British Tourney

Portmarnock, Ireland, May 24.—(P)—Champions Willie Turnesa and Frank Stranahan led a reduced American contingent into the third round of the British amateur golf championship today.

After a day of battle over Portmarnock's sandy acres, fighting a gusty wind as well as par, the field was reduced to 64.

Both of the American aces, still co-favorites to win, played patchily, but their opponents didn't have the stuff to move in when the door was open.

Turnesa, the American amateur champ from Elmsford, N. Y., eliminated David Choyce, a London eye surgeon, 4 and 3.

Defending champion Stranahan, the Toledo, Ohio, strong boy, ousted his 58-year-old opponent, Brigadier Alfred Critchley of London, 4 and 2.

When the Ohioan finished receiving Critchley's congratulations on the 16th, he raced like a halfback down the fairways to join his father, Robert Stranahan, at the 18th hole.

He was able to cheer his 63-year-

old father to victory over U.S. Ali Force Lieut. Willis Johnson of Decatur, Ill., and Wiesbaden, Germany, on the second extra hole.

Three other Yanks survived a long day of non-stop shooting over the 7,136-yard course by the Irish Sea.

One was another golfer, J. Sils Knowles, 63, of New York, who beat E. B. Tipping of Ireland, 3 and 2, with a steady exhibition.

Eddie Lowery of San Francisco ousted R. W. Barnett of Ireland, 2 and 1, and Big Bill Campbell of Huntington, W. Va., knocked out Jimmy O'Mera of Ireland 4 and 3.

Five other Yanks, along with Lieut. Johnson, were eliminated from the group trying to bag the British amateur crown for the United States for the third successive year.

Francis Quimet, 56, of Boston, former U. S. open and amateur champion, fell 3 to 1 to Irishman E. J. Scannell.

Leonard Martin of Rye, N. Y., lost a 1-up decision to Ian Patey, 1946 English champion.

Frank Craven of Boston was eliminated by the Hon. Patrick Campbell, a London newspaper columnist, 3 and 1.

Charles (Chick) Evans, 59-year-old Chicagoan, who also once won the U. S. open and amateur titles, went down to Irishman Dan Sullivan, 2 and 1.

Ermer Ward of Boston was mowed down, 7 and 5, by a crack Scottish golfer, James C. Wilson.

The debut of reigning champion Frank Stranahan drew the day's biggest gallery. Sometimes more than 2,000 trailed the wild Irish roses in the rough as they followed his errant shots.

The Irish hope, Joe Carr, came through in a way to gladden their hearts. He whacked out a 5 and 4 victory over Dr. Gerald Owens, another Irishman.

England's main hope, Ronnie White, beat Dr. William Tweddell, winner of this tournament 22 years ago, 3 and 2.

## Red Cross Rushes Aid To Tornado-Hit Areas

W. H. Kurtz, chairman of the Morgan county Red Cross chapter's disaster committee, received the following information from National Red Cross headquarters today:

"The second day of relief action on behalf of hundreds of tornado victims, bereaved, made homeless and injured in Saturday night's storms in Wood River, Ill., and Cape Girardeau, Mo., areas finds 500 chapter volunteers and 21 national staff workers on the scene and preliminary Red Cross allocations of \$500,000 for the relief of tornado sufferers of the past six days. An additional \$250,000 has been allocated for victims of floods and tornadoes of the past week, bringing to \$750,000 the amount set aside for relief and rehabilitation in Illinois, Missouri, Texas, Oklahoma, Kansas and Indiana.

"Twenty-one persons died, 115 were injured, and over 400 homes destroyed or damaged in the twister that struck Cape Girardeau Saturday night. A shelter has been set up at Arena Park. Fifty pints of plasma and 40 pints of whole blood were rushed from the St. Louis regional blood center operated by the St. Louis chapter to Cape Girardeau's doctors and hospitals. A mobile canteen rushed south from Webster Groves, Mo., chapter to feed victims, an important task because of the disruption of normal facilities in the town of 19,000.

"Meanwhile, seven national staff workers dispatched by the Midwestern Area office were on the scene aiding the work of Cape Girardeau volunteers, many of whom, at this writing, have been on the job since the tornado struck early Saturday evening.

"In Wood River, where five were killed and 55 injured in a Saturday night twister, the Red Cross has its headquarters in the Brushy Grove school, one of the few large buildings left standing. In the first 24 hours after the storm, canteens from the St. Louis chapter served more than 4,200 meals to the stricken populace and to rescue workers. The midwestern area staff had arranged for 50 family-sized tents to be shipped into Wood River in cooperation with the army depot in St. Louis. The tents are now shelter for homeless families and workmen clearing up debris.

Registration of the injured and homeless, vitally important to the thousands of friends and relatives who telephoned or wired for news of loved ones, was carried out by volunteers from the Alton-Wood River chapter. These same workers also set up first aid facilities which greatly aided physicians and
